

An Encounter with Dalmatian Cliffs

zip-line tours over the Cetina River canyon; rafting on the Cetina River, free climbing above Omiš, canoeing, hiking to the Church of Our Lady of the Snow

It is human nature to be curious. Nothing is unattainable for us. Because of this many hidden and inaccessible parts of our planet have been discovered. One of these can be found in the Omiš region. The astonishing diversity of natural features in the small area surrounding the town will leave you awestruck by the miracles of nature. The mountains here rise straight out of the sea and provide magnificent views. The steep cliffs simply call out for people to climb them. Take part in rafting on the Cetina River, and fly over its deep canyon on a zip-line, which will surely leave you breathless. Show your fearlessness. Feel the excitement and discover stunning sea vistas. Take a break high up, go hiking to the Church of Our Lady of Snow. Dare to take on the Dalmatian cliffs!
